3. PUBLIC COMMENT:

4. CONDUCT OF BUSINESS:

b. Receive Oral Report on Police Department Plan for Security and Road Closures Related to the Glenview Fire Area.

Police Chief Telford talked about the staffing for security purposes around the Glenview Fire area since the disaster. The cost is estimated to be around \$28,000 per week. He said the City is in a position to open some of the roadways and it would leave vacant lots unprotected. He provided the option of securing the frontage of these vacant lots with a temporary cyclone fence, which would cost around \$22,000 per year. If this option were not taken, he said there would still be a need for fencing around the canyon edge.

Mayor Ruane asked if security gets cut in half? **Telford** said yes. **City Manager Jackson** said it would be a substantial reduction. **Councilmember Ibarra** asked the advantage of opening the roadways? **City Manager Jackson** said inquiries from residents, providing neighborhood accessibility. Under the vehicle code there is no reason to keep the road closed.

Council discussed the fencing, the sensitivity to the site, no trespassing signs, debris building up, memorials being left.

City Manager Jackson said they would make an outreach to vacant properties.

Vice Mayor Medina said the surrounding neighborhood should be alerted to "be respectful."

City Manager Jackson pointed out there was a question regarding tour buses. She said the City couldn't prohibit buses; it is a public road with no weight limit.

Interim City Attorney Lanzone said they could look into commercial vehicle restrictions.

Councilmember Salazar asked how the fencing would be funded? City Manager Jackson said with PG&E's funds.

c. Adopt Resolution Authorizing the City Manager to Execute Contract for Construction Related to Retaining Walls at the Southwest End of Crestmoor Canyon Damaged by the Glenview Fire.
